A highly skilled analyst, program and product manager with expertise in business operations, data analysis, and technical initiatives, seeking to contribute to a collaborative team focused on growth, excellence, and innovation.

Profile

- 13 years working in the technology industry in Silicon Valley (X-Googler, X-Cisco Systems) and a track record of scaling early-stage businesses
- 8+ years of program management experience.
- 5+ years of experience working as an IT and business analyst.
- Certified in Product Management, Project Management, and Agile practices.
- MBA candidate from University of Illinois Urbana-Champaign (GPA: 4.0)
- Extensive experience in data analysis, technical programs, client management, process improvement, and business operations.

Professional Experience

Business Strategy & Operation Consultant

Jan 2024 – March 2025

Karya Tools - Jakarta, Indonesia

Led strategic and operational transformation for a new power tools retail business, driving structure, scalability, and performance improvements to support growth.

- Defined the business strategy and plan and managed the execution by setting priorities, aligning initiatives, and driving team accountability.
- Redesigned end-to-end processes across operations and optimized warehouse and fulfillment operations, increasing packing and shipping speed by 57% and reducing errors by 85%.
- Built HR infrastructure from the ground up; hired 16 employees for different functions within 6 months, implemented payroll and policies, and achieved a 4.7/5 employee satisfaction rating.

Program Manager

Aug 2022 – May 2023

Google Search - CA, USA

Managed a world-wide launch of a new framework to make Google Search more visual and more exploratory.

- Led 8+ cross-functional teams to successfully launch the MVP framework, driving increased engagement and ecosystem growth and earning recognition from [The Verge](#) and [Tech Crunch](#).
- Coordinated 5+ teams to launch "Things To Know" and "Quick Fact" features on mobile and desktop platforms, resulting in increased engagement, reduced queries, and improved click-to-host ratio.
- Received accolades from senior executives for delivering high-quality and impactful biweekly executive updates, executive presentations, and partner newsletters.

Technical Program Manager

Sept 2018 – Aug 2022

Google Play - CA, USA

Spearheaded highly complex technical programs to enable policy enforcement for a safer Google Play Store.

- Strategized and coordinated 5+ cross-functional teams to launch platform features for reviewing and enforcing policies on 1+ million apps using sensitive permissions.
- Launched tooling platform for reviewing apps using Apple and Google's COVID-19 contact tracing APIs, making a significant impact worldwide ([Google tweet](#), [Apple tweet](#)).
- Led two highly complex platform migrations, impacting 50+ workflows and 6000+ users, while maintaining the operational review of ~3M apps/quarter.

Incident Program Lead

Apr 2015 – Sept 2017

Cisco Systems - CA, USA

Led a team of 15 people to stabilize 3 IT systems simultaneously to calculate 2000+ sales agents' compensation.

- Led a team to manage and resolve 300+ incident cases/quarter.
- Led initiative to improve service provision; achieved 30% decrease in incidents/quarter in 2016.
- Presented quarterly and yearly service reviews to IT managers, directors and the sales vice president and received accolades for stabilizing the IT systems within 1.5 years.
